

FIRST BIRTHDAY CELEBRATIONS FOR HUNTER COWIE

Press Release Date: Monday 10th January 2011

Darlington based Chartered Building Surveyors Hunter Cowie are today celebrating their first anniversary of trading.

In today's ever changing market it is vital to obtain the best possible information on your property purchase or lease. Hunter Cowie provides expert property and surveying services specialising in Commercial, Residential and Historic Property. Hunter Cowie also makes use of Thermal Imaging Technology, changing the way properties are inspected, providing better information to clients.

Hunter Cowie Board Director **Alan Cowie** stated *"We officially opened our doors as a Chartered Surveying Company in Darlington one year ago to the day. The first year of business has exceeded all of our expectations, which is due to our commitment to looking after our clients and our innovative approach to property matters. It is good to see a Darlington firm reacting well in these difficult times. We have a number of exciting new projects on the table for 2011 including research and development, which will be announced in the coming weeks. I would like to thank everyone for their support and a really big thank you to all of our clients."*

Hunter Cowie have recently been involved with the new HUB regeneration development in Redcar, led by Gavin Langan who heads up the Commercial Property department, by providing an initial consultancy role followed by service of notices and subsequently to act as an appointed Party Wall Surveyor on behalf of Redcar and Cleveland Borough Council.

The company was involved with the Christmas Charity Auction which took place before Christmas in conjunction with the Darlington Rotary, raising approximately £6500 for Macmillan Nurses, Age UK & other local Rotary charities.

In October 2010, the company expanded to form its own marketing department and at the same time, Alan Scott Dip.B.S., Dip.Bldg.Con, (RICS), joined the team to specialise in Listed and Historic Property. Alan Scott, a Chartered Building Surveyor has over 30 years experience in both public and private sectors. He is also well known academically with published papers on building issues and has lectured at the University of Northumbria in Building Surveying and Building Conservation.
